

# Welcome to: Warfare 2022

We are delighted that you can come and join us this year. There is plenty to see, the Traders, the Demonstration games and those nice Participation games; also the Competition games (the serious/fun stuff) and of course the huge Bring and Buy stand.... Do have a wander.

This is our 42nd Warfare Show and we are always trying to make it bigger and better.

My grateful thanks to you ALL for coming and seeing us at our great new venue.

This year unusually the Sunday of Warfare is Remembrance Sunday, we will have a minutes silence at 11am on Sunday as a sign of respect.

Have a great show! All the best! Chris Watling (Chairman 2022)

## WHAT TO DO AND WHERE TO FIND IT

The Show is split across 2 halls. Some Traders and the Bring & Buy are in the Discovery Hall that you enter from the Atrium. The Catering, more Traders, Demonstration games, and the Competitions are in the Main Hall, which you access from the Discovery Hall.

This year we have the following for you to peruse:

**Traders** - 60+ individual stands, details are on page 2 with a layout for where to find each stand.

**Demonstration & Participation Games** - 20 games for you to have a look at and participate in, details are on page 3

**Competitions** - This year we have 420+ competitors playing in 21 tournaments.

**Food & Drink** - all three outlets and customer seating are all located at the Atrium end of the main hall.

## THANKS

Putting on an event of this size takes a lot of work at the best of times and the last few years has been more challenging than ever. I would

like to thank the organisers for their efforts:

The WAR club committee

The co-opted Warfare teams

And all the other club members, the Umpires and other volunteers helping out

And... a special thanks to the main show sponsors:

KR Navara and West Wind

It takes an awful lot of hard work and team effort who come tother to make a show of this size work by doing all the multitude of unsung tasks required to make it all happen.

The show would not be complete without the Demonstration and Participation games and organisers who tirelessly make your day more enjoyable, many who have travelled a long way to be with us today. Thanks to all of them for their dedication to the hobby.

## THE FUTURE

Well as we approach 5pm on the 13<sup>th</sup> November Warfare 2022 draws to its close - the last sets of dice are rolled - the figures are packed away - the traders wheel what's left of their wares out whilst the players and public head home to lovingly scrutinise their purchases and prizes. Some however have already turned to planning next year's Warfare.

We will once again be back at Farnborough across the weekend of November 11<sup>th</sup> and 12<sup>th</sup> - Next year we are looking at something a little bit different - 1913 saw the publication of HG Wells book Little Wars (paraphrasing its full title - Little Wars: a game for boys from twelve years of age to one hundred and fifty and for the girl who likes boys' games and books) which is one of the cornerstones of our hobby today - so to celebrate the 110th anniversary (or as our many of our tournament players may say 1 year shy of its eleventy first birthday) we are proposing to make it a major celebration of Wargaming.

So, its time to get the creative juices flowing and think about what can be done to fit in with this concept. From a Tournaments perspective we will be looking to put on an even more eclectic mix of games across either the weekend or just for the one day. From pointy sticks and flint axes to laser cannons all are welcome. Invites to known Tournaments Organisers will go out in Jan/Feb with initial tickets expected to go on sale late April - if you are interested in running a tournament be it an old stalwart or a new kid on the block please get in touch with [tournaments@wargamesreading.co.uk](mailto:tournaments@wargamesreading.co.uk). We are open to all kinds be it figure or model, board games, hybrids or something we haven't thought of.

From a demonstration/participation perspective we would love to see someone take on doing something in line with that - could be flats could be the old W Britain's figures actually using his rules -- although we may draw the line at shooting matchsticks out of a toy cannon at them a la Jerome K Jerome - although it could make an interesting participation game -the canvas is broad.

As ever this will all be wrapped around the traders and importantly all you people that come along and make it such a success so thank you all for attending Warfare 2022 and look forward to seeing you celebrate 110 years of Little Wars next year at Farnborough Exhibition Centre November 11<sup>th</sup>/12<sup>th</sup> with us here at the Wargames Association of Reading

For those who are booked up early Warfare 2024 is planned for 9th-10th November 2024.
