

Mortem et Gloriam – 15mm “Armies and Enemies of Rome to the Fall of the West”

Sponsor: Rome Total War

The Mortem et Gloriam (MeG) rules are designed to allow you to play battles from earliest history (c. 3000 BCE) to the first part of The Great Italian Wars in Europe, and later in the 16th century in Japan. The game has received high praise for both competition style games and historical refigts work with armies that feel right and play the way you would expect.
