Saga Ironman – Warfare 2024

There will be 2 x 1 day competitions being run, one on Saturday 16th and one on Sunday 17th both will be using the same rules as below:

The Ironman is very simple but unique in that all the warbands, scenery, measures, dice etc will all be provided by the TO

Each Warband will be led by a Legendary Warlord

There are no scenarios just cumulative kill points over three games.

Players use three different warbands. They don't get to see them before the day.

Each game needs a 6' x 4' table. The two days will be discrete competitions, but a player can do both days and use six different warbands.

Gripping Beast will provide some prize support!
