

Warfare 2025...

We are already well underway for planning for Warfare 2025. We want to make it bigger and better than it has been before. We will be returning to Farnborough International Exhibition Centre on the same weekend as this year. Please put Saturday 15th and Sunday 16th November 2025 in your diary, on your planner, or just at the front of your mind!

For next year, we'll be inviting everyone back, and more! Looking to grow in all areas to put on the biggest show we'll have had the opportunity to host.

Therefore comes my request, if you've had a great time, please do share this experience with any local clubs, gaming shops or hobby stores in your local area. Wouldn't it be great to get your gaming venue to come and spend the weekend at Warfare 2025!

We will look to start contacting previous traders and tournament organisers around January or February of 2025 in order to make sure we can all get the weekends in the diary. If anyone would be interested in being present in 2025 please don't hesitate to get in touch at:

Tournaments – tournaments@wargamesreading.co.uk

Traders – traders@wargamesreading.co.uk

Finally, once again I'd like to thank our sponsors, Slitherine Gaming, KR, West Wind/Forged in Battle for supporting us and helping us to put on this show for everyone.

I'd also like to thank the WAR Committee, and the Warfare Sub-Committee for their time, dedication and efforts in putting on this show. Along with all the members of The Wargames Association of Reading who have given up their time to support and run this weekend.

I look forward to welcoming you all back next year for 2025!

A message from the committee...

As we head into Warfare 2024, over the last months we've seen that Warfare is getting bigger and bigger each year, this year we are welcoming several first-time traders and tournaments to the show and do hope that they have a wonderful time alongside our returning visitors.

To drop into that, we know that the wargaming community worldwide would be nothing without the support and volunteered time of those putting on show games, demonstrations and participations around the world, and for those taking time out of their lives to do so, we thank you.

We head into 2025 with the goal of continually growing Warfare, inviting new traders, new tournaments and reaching more people than ever before. For Warfare this year we were exceptionally close to bringing even more game systems and new traders who unfortunately couldn't commit this year to us, but we do have planned for 2025 and have already begun planning for Warfare 2025 to make it as big as it's ever been!

About the club...

Founded in 1978, the Wargames Association of Reading, has been a mainstay of the Reading community for the last 44 years. Currently we meet on Wednesday nights from 5:30pm-10:30pm at the Winnersh Community Centre and have several different game systems on play each week.

From the historical plains of Greece all the way through to the far future and the year 40'000 and galaxies far far away. Our members are always bringing new game systems to the club, so even if it's a niche game system, someone is probably playing it!

Warfare 2024 Charity Partner

Once again, we're proud to support a number of different charitable foundations. This year we are supporting Models for Heroes, who we welcome back again after repeated years.

What to do at Warfare

This year, the show is split across two main halls. As you enter the show through the atrium, you'll enter the main hall, filled with traders, tournaments, demonstration and participation games, as well as the catering section of the event. You will also see our show sponsors directly to your right. If you head through the hall and turn right, you'll enter the discovery hall, finding more traders and the much loved bring and buy!

On site toilet facilities can be found in two different locations, one through the Discover Hall past the Bring and Buy stand, and the other is in the Main Hall to the left of the catering stands.

This year Warfare is home to:

74 traders, 22 tournaments, and 21 number of participation & demonstration games. I would encourage everyone to check out the tournaments that are ongoing, there are some fantastic tabletops on display and some stunningly painted armies that our competitors are exceptionally proud of.

At the Siltherine gaming stand, they will also be demonstrating and demoing some of the video games that your free voucher for attending can be used towards.

A thanks to our sponsors

This year we are being rejoined at Warfare by 3 major show sponsors. A massive thank you goes out to KR, Westwind/Forged in Battle, and Slitherine Gaming.

Be sure to check them out around the venue. They've been able to provide a significant amount of tournament prize support, something our tournament players will be grateful for!
